Tamariki need a teacher aide in every classroom

The diversity of learning needs in our classrooms is growing. Most tamariki will need some extra support at some point in their education.

Teacher aides are not fully funded by the Ministry of Education, and schools need to top up every hour they work. Many schools are forced to turn to fundraising to make up this gap just to have adequate support in place for their tamariki.

All learners benefit when there's enough support in classrooms.

Kimi haeata means seek the dawn, and we're seeking a new dawn in education. Back our future!
